

Audio and video support for corporate meetings in one compact package

# Breakout in a Box™

A successful meeting requires attention to detail.

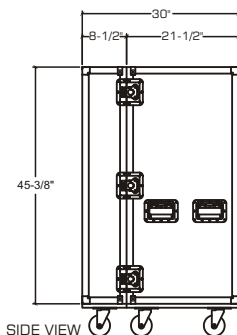

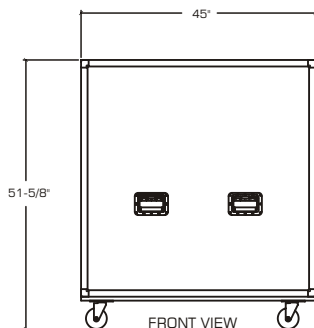

Breakout in a Box (BOB) from PRG offers professional-grade audio and video corporate meeting support in one compact, cost-effective package. This streamlined package expedites installation and breakdown, reducing labor costs on-site.

Whether you have 10 or up to 200 attendees, BOB provides speaker and A/V presentation support in one simple, easy to set up box.

## Features

- Quick installation and breakdown
- High quality, professionally maintained audio/video components
- Easily transportable

## Dimensions
