

„Beginner Pyramid“

PRG Special Construction with Beginner on Tour

For the 2017 Tour of the German Band Beginner PRG created a special construction according to the ideas of their lighting designer Bertil Mark, a DJ desk plastered with LED panels.

Information on the technology used:

- 4m² LED Wand Absen F6
- Approx. 25m² Barco O-Lite LED Moduls
- 34m Neonflex RGB LED Stripes
- 246m steel pipe
- 22m² screen printing plate 21mm
- 3x SchnickSchnack LD Controller
- 9x laser plates in the front to be able to click the O-Lite modules into aluminium plate
- 1x MBox Extreme Media Server
