PRG Special Construction with Nena on Tour

For the Nena Tour „Nichts Versäumt“ (2018) PRG has developed a special movable construction consisting of moving lights, LED panels and mirrors – based on the design drafts of lighting designer Bertil Mark. Despite the compact set-up it offers a wide range of design possibilities.

Information on the technology used:

- Multimedia Aluminium Construction
- 3m² LED Wand Absen F6 per Pod
- 9 times GLP Impression X4 LED Washlight
- 3m² mirror surfaces per Pod
- DMX controllable motors (each motor separately/individually controllable)
- Dimensions: 200 x 60 x 190cm (L x W x H)
- Weight: 318kg
