

CHROMATEK 4MM

INDOOR MODULAR

Hibino Chromatek 4mm is an ultra high definition LED display for indoor events. Equipped with a 4mm pitch, the system is not limited by minimum viewing distances. Each individual module is 384 x 576mm making for light weight and easy handling. Hibino Chromatek 4mm has an anti reflection coating with a louver surface for high contrast images.

6mm Hibino Chromatek is also available.

Technical details
