## Introduction

Use this Accessory Guide to explore additional options in customizing your PRG SmartXcan experience.

For further details about the product, refer to the [SmartXcan User Manual](#).

## Accessories

### Remote Indicator Light

The Remote Indicator Light allows you to monitor the temperature scanning from an alternative location. Wired directed to your PRG SmartXcan spanning up to 300’.

### Spare Battery

Be prepared for any point of failure. Though unlikely— battery issues can arise. This spare battery will allow you to quickly adjust and continue scanning efficiently.

### Double Charger

This charger allows you to charge two batteries simultaneously.

### Quad Charger

This charger allows you to charge four batteries simultaneously—expediting the process by minimizing outlets needed.

### Power Cable

IEC to Edison power cable— may require an adapter depending on country of use.

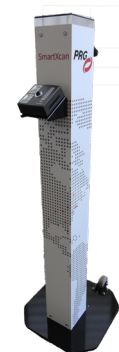

### Single Unit Box

Custom-built roadcase to safely house one PRG SmartXcans.

### Double Unit Box

Custom-built roadcase to safely house two PRG SmartXcans.

### Customizable Wraps

Wraps are available via removable or permanent applications and can be applied to the full unit or sides only.

*Design templates available. PDF proofs of design can be provided before production.*

## Accessories

### Customizable Die-cuts

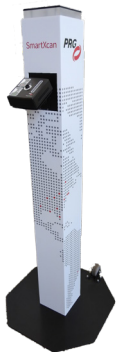

A sleek and simple way to brand your PRG SmartXcan. Permanent and removeable options available— can be applied to three sides or front only.

*Design templates available. PDF proofs of design can be provided before production.*

### Column Housing

This housing will allow PRG SmartXcan to blend in with its environment. Available with or without visibility to the indicator light.

### Styrene Wrap with Graphic

This durable and professional wrap can be customized to match your brand. Full wrap only.

*Design templates available. PDF proofs of design can be provided before production.*

### General Signage

Directional signage helps users prepare for their scan and aids overall efficiency.

22” wide x 28” high single-side printed sign, includes 59.5” tall stand.

Welcome signage and event signage also available.

*No minimum order, discounts available at 10+.*

### Crayon Housing

This kid-friendly housing disguises the PRG SmartXcan making it more approachable and less intimidating.

Customizable graphics are available at an additional cost.
