

NASHVILLE'S PREMIER REHEARSAL SPACE

TAKE THE
VIRTUAL TOUR

STARWOOD REHEARSALS

Starwood Rehearsals is an exciting addition to PRG's worldwide network of production equipment and expertise, serving as a blank slate and important home base for musicians preparing to tour.

Located adjacent to our Nashville super depot, the studio provides clients with on-site access to our entire suite of lighting, audio, video, LED and rigging gear.

From 1986 to 2006, the Starwood Amphitheatre was an outdoor music venue just 5 miles from our current facility. Our name serves as a homage to Nashville's local culture, the rich history of concert touring, and the iconic artists and their production teams who put on shows at the venue.

We've hosted theater and arena-sized production setups for artists including Dan + Shay, Florida-Georgia Line, Gryffin, Jack Harlow, and Kelsea Ballerini.
