

G-Quick Fasteners

THE EASY ALTERNATIVE TO TRADITIONAL METHODS OF HANGING DRAPERY

The G-Quick fastener is designed to create an alternate method of hanging curtains and backdrops.

The patented device replaces sash ties as a means of attaching eyeleted stage curtains, backdrops and other drapes 3 to 4 times faster than conventional tying.

A plastic clip securely snaps through the eyelet hole while an elastic strap with a small plastic ball ensures a flexible connection around the pipe or batten.

- **Dimensions and Weight:** for pipe 50 to 60mm OD – 17.0cm, 39g
: for pipe 70 to 80mm OD – 18.5cm, 42g
- **Load Capacity:** 3kg
- **Material:** Fire Retardant
- **Colour:** Black, Red (centre marking)
- **Minimum order:** 10 off or Box of 100 (99 Black, 1 Red)
